The Audi A5 and S5 Cabriolet

Pricing and Specification Guide

Valid from November 2012

Personalising your Audi A5 Cabriolet

This guide has been designed to help you tailor and price your Audi A5 Cabriolet quickly and logically. At the back, you will find information on CO_2 emissions-based taxation and the other services offered by Audi, including Finance and Insurance. You can also configure your Audi A5 Cabriolet online at audi.co.uk.

You might also like to consider Audi Complete: a simple way to take care of servicing and maintenance costs for your Audi in a single package. You pay a one-off or monthly fee and we'll cover all your servicing, maintenance and tyres for the next three years including your first MOT. It means you only have to pay for fuel, insurance and your Road Fund Licence. So you can be reassured that your car will be maintained by trained Audi Technicians, using genuine Audi parts.

Vorsprung durch Technik

Three words that express the very essence of Audi. Vorsprung durch Technik isn't a slogan. It's our way of seeing the world. It is the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that Audi pioneered remain in our cars today. Some are milestones in the history of the motorcar.

From our beginnings in 1899 to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

The Audi A5 Cabriolet: with technology that makes it ideal for all conditions

Great design tends to get noticed. The shape of the Audi A5 Cabriolet, for example, has probably already caught your attention. But there's another kind of beautiful design in this car that's just as significant: the technology. We've included a fully automatic hood as standard, enabling you to make the most of the sun. There's also optional head-level heating for when it's cold and heat-resistant upholstery for when it's hot. So now there really is no bad weather.

IN A 5513
A5

The A5 Cabriolet interior story

We've introduced a number of finishing touches to the Audi A5 Cabriolet interior to make your driving experience both comfortable and unique. You'll find an impressive attention to detail in everything from the Driver's Information System with energy-saving tips, to the optional luxurious leather seating, which means that every journey you make will be a personal one.

Engines

Petrol

TFSI® direct-injection technology is a unique Audi innovation that includes supercharging, which combines FSI® technology with forced induction – giving cars an extra injection of power and torque. It also delivers enhanced fuel efficiency as precisely the right amount of fuel and air are injected into the combustion chambers, enabling the engine to 'breathe' more easily. It results in reduced heat loss and increased output, with around a 15% reduction in fuel consumption and significantly lower exhaust emissions.

Diesel

We introduced TDI® to the roads in 1989, marking a departure from the noisy, fuel-thirsty diesel engines of the past. And since then, we've continuously refined it, recently developing common-rail technology. Under this system, a series of piezo injectors use electrical charge to precisely control the amount of fuel injected into the engine. As well as reducing noise, this allows combustion to happen at a lower temperature, with less oxygen, which lowers emissions.

Images for illustrative purposes only

Transmissions

multitronic®

Translating a driver's preferences and intentions into road performance, the multitronic® transmission system entertains no compromises – whether in terms of dynamism, convenience or economy. multitronic® automatic transmission is available on models without quattro® permanent all-wheel-drive.
A continuously variable transmission, multitronic® can transmit up to 400 Nm of torque and permits an exceptionally wide range of gear ratios. The result is smooth, powerful acceleration and a high level of driving comfort. And thanks to its lightweight design and a number of advanced electronic control systems that monitor gradient, road conditions and the way the driver is using the accelerator pedal, multitronic® also plays an instrumental role in reducing fuel consumption.

S tronic®

Driving is all about thinking ahead, which is just what the S tronic® dual-clutch transmission does. It works almost as two separate systems, one engaging the odd-numbered and the other the even-numbered gears. So when you're accelerating in second, it has third gear waiting for you. And once you make the switch, it's already thinking about fourth. With two clutches working together, you can change gears almost instantly while experiencing smooth, uninterrupted power.

Efficiency

At Audi, doing less is something we're trying to do more of. We're working to use less fuel, release less CO_2 and waste less energy. It's why we've incorporated a number of more efficient technologies into the Audi A5 Cabriolet.

Automatic Start-Stop function

In heavy traffic, your car still uses fuel and releases CO_2, even when it's stationary. The automatic Start-Stop function counteracts this problem by switching off the engine when your car comes to a standstill. As soon as you touch the clutch, the car restarts. In conjunction with TDI® and TFSI®, it helps save up to 0.4 litres of fuel every 100km.

TDI® and TFSI®

Inside the engine of the Audi A5 Cabriolet you'll find the same advanced fuel-injection technology that's driven us to win after win at Le Mans. With TDI® and TFSI®, fuel is injected directly into the engine's chambers so that combustion is timed right down to the millisecond. As a result, waste is minimised and you get the most from every last drop of fuel.

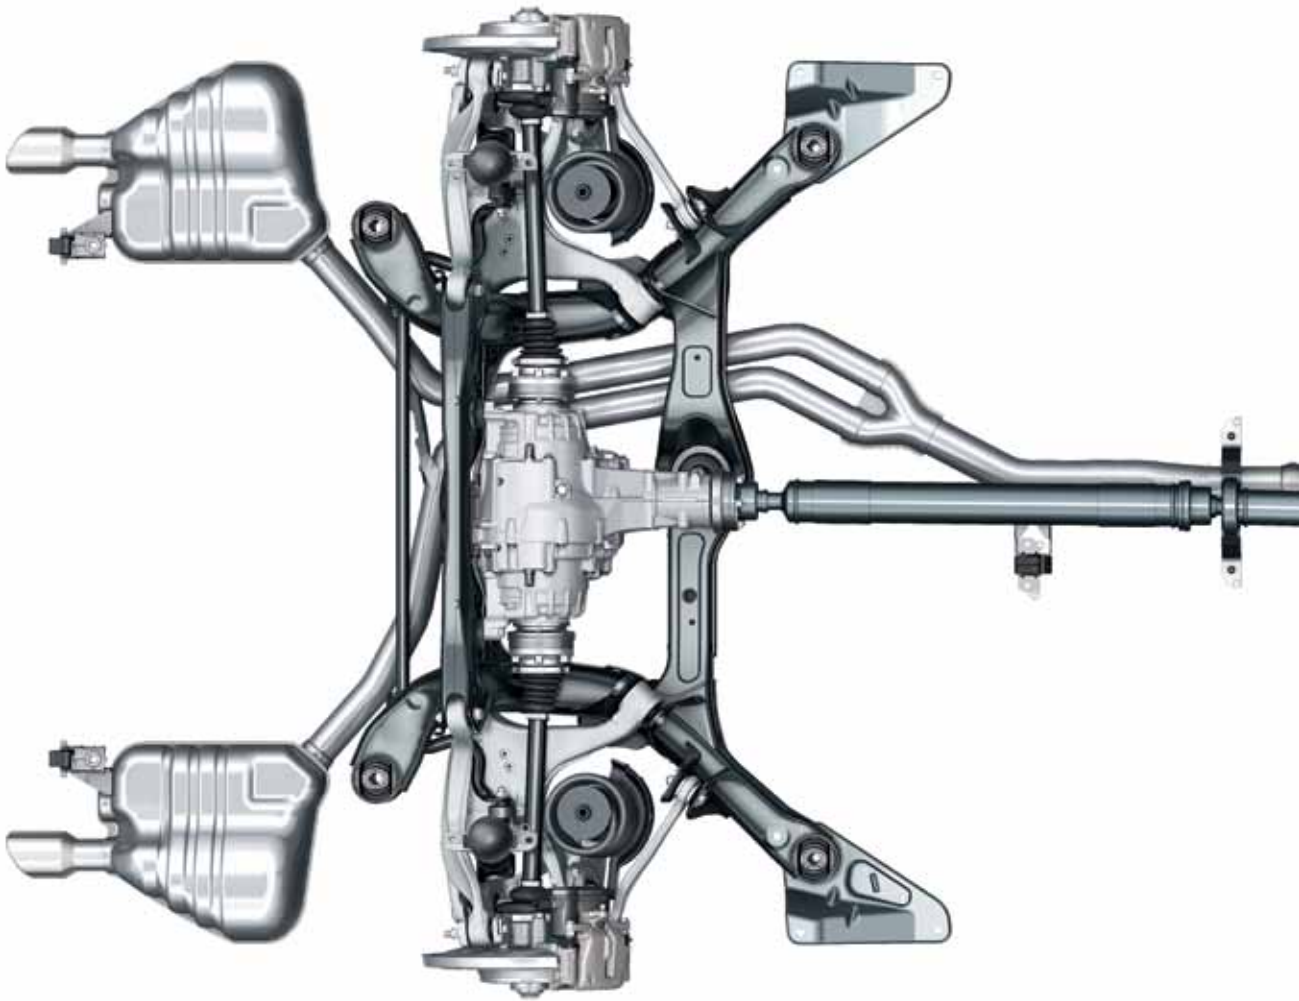
Images for illustrative purposes only

Recuperation

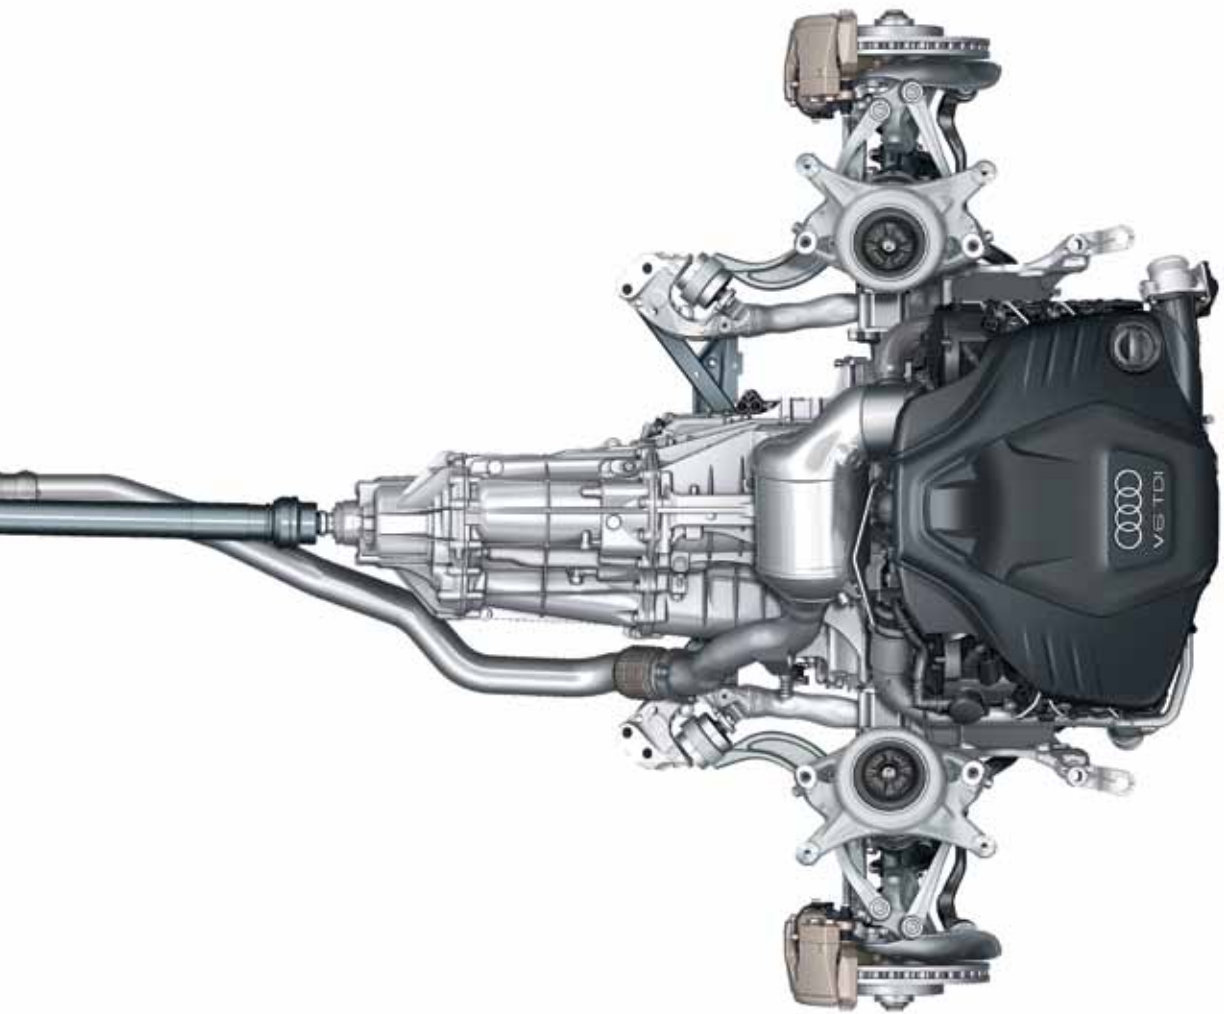
When a vehicle brakes, the discs convert the kinetic energy into thermal energy, which is wasted as it cannot be used. With a recuperation system like the one in the Audi A5 Cabriolet, the kinetic energy is converted into useful electrical energy. The way it works is simple. While the car is coasting or braking, the alternator voltage is raised above the level of the basic electrical system, which enables the alternator to generate electrical energy and store it temporarily in the battery. When the vehicle accelerates, this energy is used to relieve the load on the alternator, resulting in a fuel saving of up to 3%.

quattro®

It's the technology that has given Audi the edge on the rally circuit ever since it was first introduced over 30 years ago – a technology that delivers ultimate control whilst enhancing the sporty characteristics which make the Audi A5 Cabriolet so thrilling to drive. It's called quattro® permanent all-wheel-drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe.



Images for illustrative purposes only



In the Audi A5 Cabriolet, asymmetric dynamic torque distribution continuously distributes drive power between the front and rear axles, depending on weather conditions, road surface and gradient. This leads to greater flexibility and an enhanced, sportier drive.

quattro® with Sports differential

The optional electronically regulated Sports differential distributes variable amounts of drive force to each rear wheel, ensuring outstanding acceleration performance in corners and stabilising the vehicle's response to load change. It also brings better direct steering characteristics and, as it requires less steering effort, more agile handling.

SE model equipment

All Audi A5 Cabriolet models have the following items of standard equipment

Engines

Automatic Start-Stop function for greater fuel and CO_2 efficiency

Recuperation for optimal energy utilisation

Misfuelling inhibition for diesel engines

Diesel particulate filter (DPF) for diesel engines

Wheels, tyres and suspension

17" x 7.5J '5-arm' design alloy wheels with 225/50 R17 tyres

Locking wheel bolts

Space-saver spare wheel

Audio and communication

Audi sound system speaker package with 10 speakers including subwoofer (180 Watts)

Audi Concert radio which includes:

- Single CD drive and SDHC memory card reader which are both MP3, WMA and AAC compatible
- 6.5" colour centre display with MMI operating logic
- AUX-IN connection
- TP memo – automatically saves traffic news when driving

Mobile telephone preparation – Bluetooth interface

Seats

Milano leather upholstery

Split-folding rear seat

Safety and security

Light and rain sensor – automatically switches the dipped beam headlights and windscreen wipers on/off depending on the light and rain conditions. Also includes coming home/leaving home function which delays the deactivation of the front and rear lights after locking and automatic activation of the lights when unlocking

Rear parking sensors – facilitate parking by acoustically indicating the distance to obstacles; measurement is by ultrasonic sensors integrated discreetly into the bumper

Electronic Stability Programme (ESP) including electronic limited-slip differential on front-wheel-drive models

Rest recommendation system – analyses driving behaviour based on steering, pedals and gear lever movements. If the system detects a change in driving patterns it can, via audio and visual effects, notify the driver of the possible need to take a rest

First aid kit

Front and rear fog lights

Front and rear ISOFIX preparation with front passenger airbag de-activation switch

Full size airbags for driver and passenger

Front side airbags

Halogen headlights with electric headlight range control and daytime running lights

Thatcham category 1 alarm and immobiliser

Toolkit and car jack

Warning triangle

17" x 7.5J '5-arm' design alloy wheels

Audi Concert radio

Rear parking sensors

3-spoke multi-function leather steering wheel

Interior equipment

3-spoke multi-function leather steering wheel (paddle shift for automatic models)

Deluxe 3-zone climate control with separate air distribution and digital display for driver and front passenger. System includes air-conditioning controls in rear centre console for rear passenger compartment

Driver's Information System (DIS) in colour with energy-saving tips and rest recommendations. Shows the radio station or track title, telephone control, menu and other display information from the infotainment system such as navigation (if fitted). Also includes an on-board trip computer with short and long-term trip memory, outside temperature display, digital speedometer and door or boot open warning

Front centre armrest including 12V power socket

Wind deflector

Electric front and rear windows

Electromechanical parking brake includes parking brake function when stationary, drive-off assistance function through automatic release when driving away and emergency braking function whilst driving, acting on all 4 wheels

Front and rear floor mats

Intelligent key

Interior chrome package

Reflex finish inlays (Steel grey for grey or black interiors, Moor brown for beige interiors)

Steering column adjustment for rake and reach

Electromechanical power steering

Cup holder in centre console

Exterior equipment

Fully automatic hood (can be operated at speeds up to 31mph)

Exterior mirrors – electrically operated and heated

Exhaust pipes – 4-cylinder diesel models have two exhaust pipes on the left-hand side, all others have one exhaust pipe on either side

Exterior aluminium package

Front grille in high gloss black

Deluxe 3-zone climate control

Fully automatic hood

Exterior mirrors – electrically operated and heated

S line model equipment

In addition to SE model equipment

Basic RRP
£2,133.33

Total RRP inc VAT
£2,560.00

Wheels, tyres and suspension

18" x 8J '5-spoke' design alloy wheels with 245/40 R18 tyres

Sports suspension with stiffer spring settings and shock absorbers, 20mm lower than standard suspension. (S line Sports suspension available at no charge)

Interior equipment

3-spoke S line multi-function steering wheel (paddle shift for automatic models)

Matt-brushed aluminium inlays

Perforated leather gear knob

S line sill plates

Seats

Front Sports seats with electric lumbar support

Fine Nappa leather with S line embossing

Exterior equipment

Acoustic hood with LED passenger reading lights

Chrome rolled exhaust

S line exterior styling package including:

– S line side skirts

– S line bumper

– S line rear diffuser

– S line badges on wings

Xenon plus headlights with LED daytime running lights

Rear LED lights

18" x 8J '5-spoke' design alloy wheels

3-spoke S line multi-function steering wheel

Perforated leather gear knob

Xenon plus headlights with LED daytime running lights

RRP – Recommended Retail Price. VAT is calculated at 20% but this may alter to reflect any change in the applicable VAT rate.

Image shows the A5 Cabriolet S line model with optional Ice silver metallic paint (P5)

S line Special Edition model equipment

In addition to S line model equipment

Basic RRP
£1,083.33

Total RRP inc VAT
£1,300.00

*Valid for new vehicle orders placed up to and including 31 March 2013. Subject to availability.

Wheels, tyres and suspension

19" x 9J '5-segment-spoke' design alloy wheels with 255/35 R19 tyres

Audio and communication

Audi Music Interface – Universal connection for use with stereo audio sources and Apple iPod generation 4 onwards. Provides storage and charging

Bang & Olufsen sound system. Designed specifically for the Audi A5 Cabriolet, providing 5.1 surround sound reproduction with dynamic compensation for road noise, 10-channel amplifier and 12 high-performance loudspeakers (total output 505 Watts)

DAB digital radio. Receives programmes from digital radio transmitters in addition to the range of analogue stations, with better sound quality

Interior equipment

Cruise control – maintains any speed above 18mph, provided the engine power output and engine braking effect permit it. Operated via separate steering column stalk. The set speed is displayed in the Driver's Information System

Head-level heating system. Includes vents in the front seat backrest that blow hot air onto your neck as you drive. Can be adjusted in three stages

Heated front seats with 3-stage heating control

19" x 9J '5-segment-spoke' design alloy wheels

Audi Music Interface

Bang & Olufsen Sound System

RRP – Recommended Retail Price. VAT is calculated at 20% but this may alter to reflect any change in the applicable VAT rate.

Image shows the A5 Cabriolet S line Special Edition model with optional Daytona grey metallic paint (6Y)

S5 quattro Cabriolet model equipment – in addition to SE model equipment

The Audi S5 Cabriolet features a powerful 3-litre V6 engine as standard, which uses supercharging to take you from 0 to 62 mph in just 5.4 seconds. From the comfort and stability of an S5-embossed Fine Nappa leather Super Sports seat, you can sit back and enjoy every unit of this engine's 333PS capability, not to mention the safety and security of quattro permanent-all-wheel-drive.

Wheels, tyres and suspension

19" x 8.5J '5-parallel-spoke' design alloy wheels with 255/35 R19 tyres

'S' Sports suspension

Interior equipment

3-spoke 'S' Sports multi-function leather steering wheel with contrasting stitching

Aluminium scuff plates with S5 logo

Interior light package

Inlays in matt-brushed aluminium

'S' instrument dials

Safety and security

'S' model enhanced braking system

Seats

S5 Super Sports seats with electric adjustment and lumbar support

Fine Nappa leather upholstery

Exterior equipment

Acoustic hood with LED passenger reading lights

Aluminium-effect door mirror housings

Exhaust pipes – twin on left and right-hand side in chrome rolled finish

'S' radiator grille with S5 logo

Painted brake callipers with S5 logo

'S' body styling

Xenon plus headlights with LED daytime running lights and LED rear lights

19" x 8.5J '5-parallel-spoke' design alloy wheels

'S' instrument dials

S5 Super Sports seats with electric adjustment and lumbar support

'S' radiator grille with S5 logo

Audi exclusive

Every Audi is intrinsically exclusive. It's the breathtaking design, the exceptional engineering, the Vorsprung durch Technik. But for that special touch, you can specify your Audi A5 Cabriolet with options from Audi exclusive. Whether you want a unique, custom-mixed paint colour or seats in a combination of complementary shades, Audi exclusive will enable you to drive the car you've always imagined.

Both the exclusive and standard options can be found on the following pages.

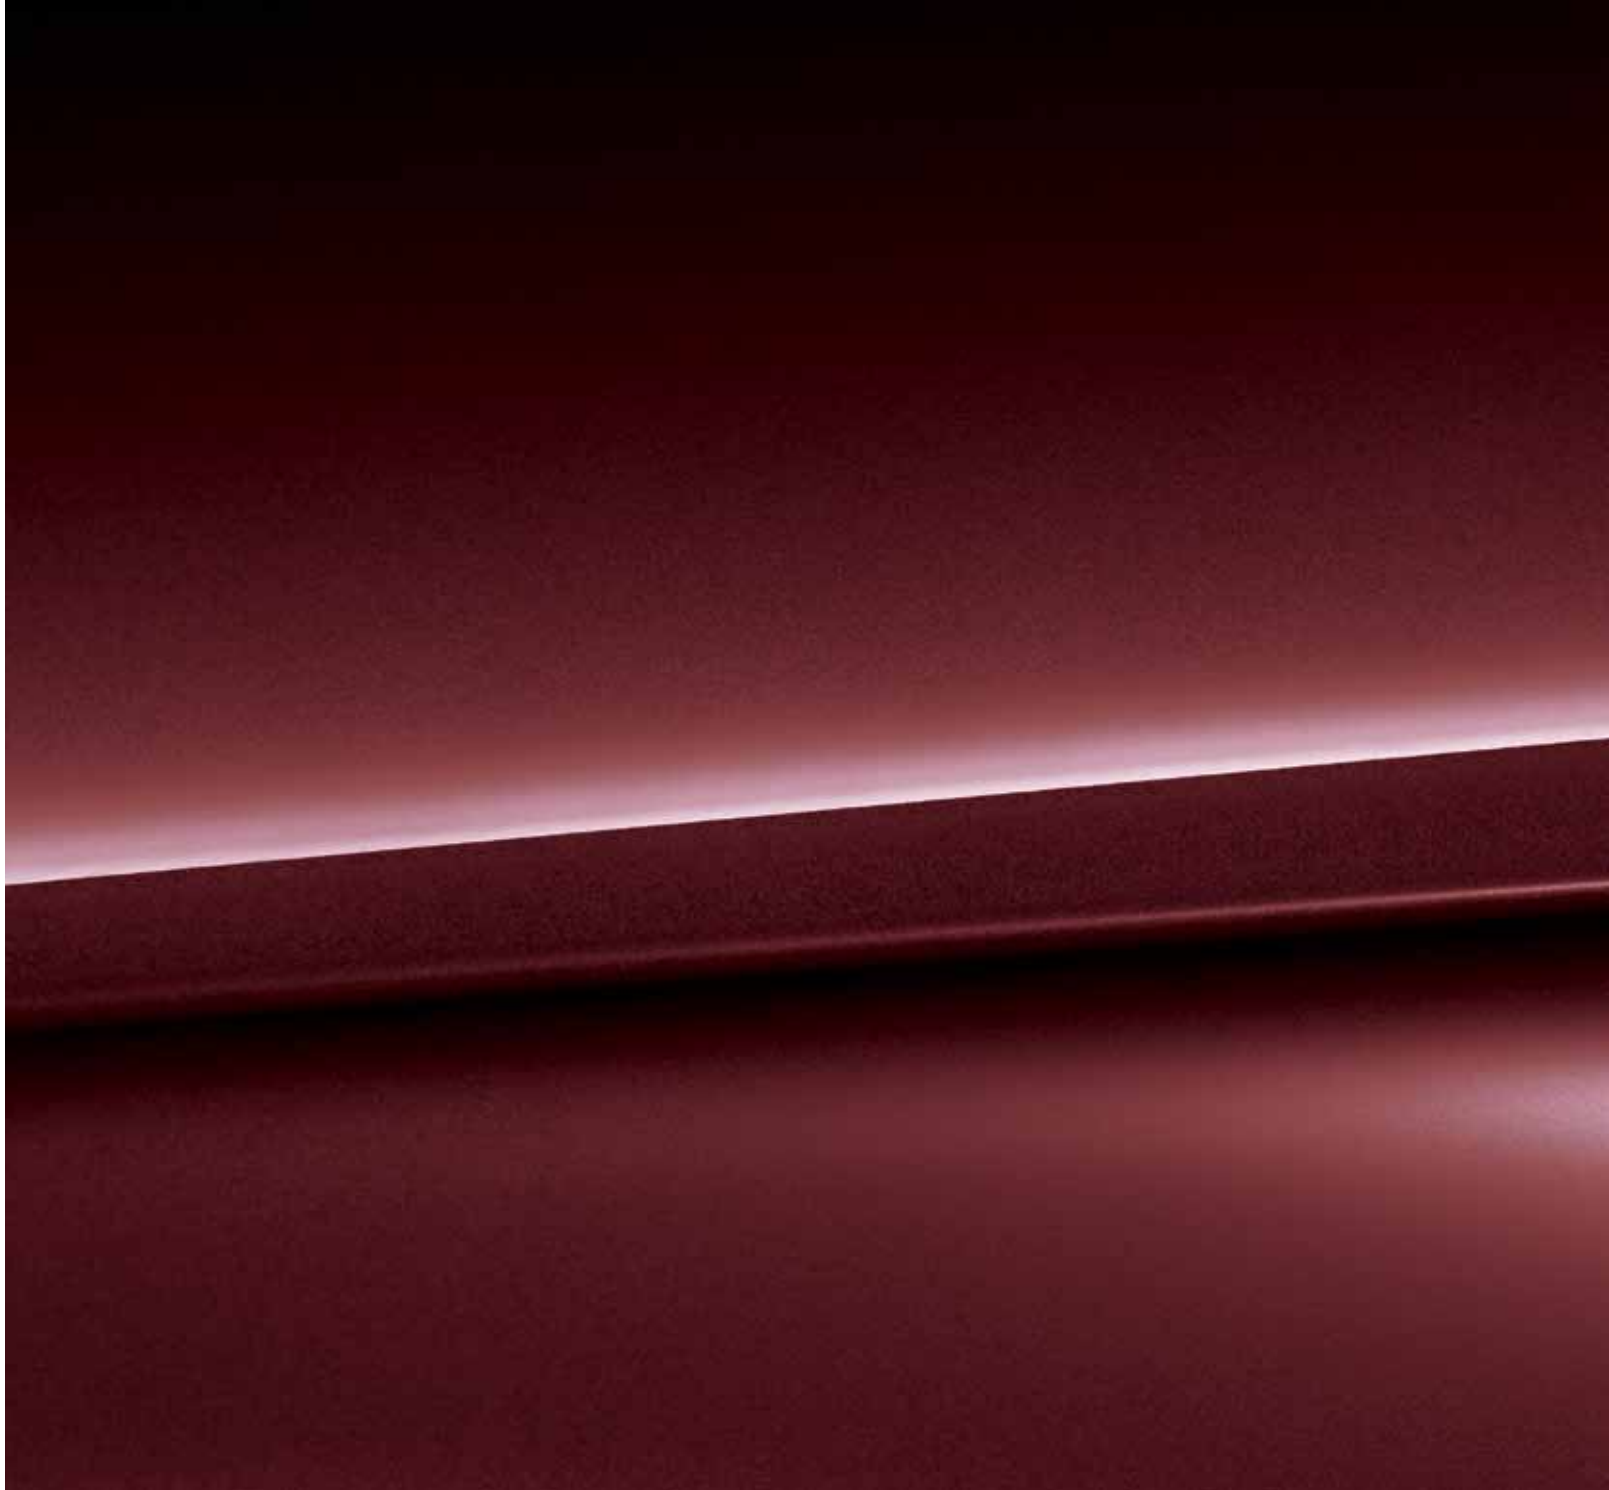
Audi exclusive line

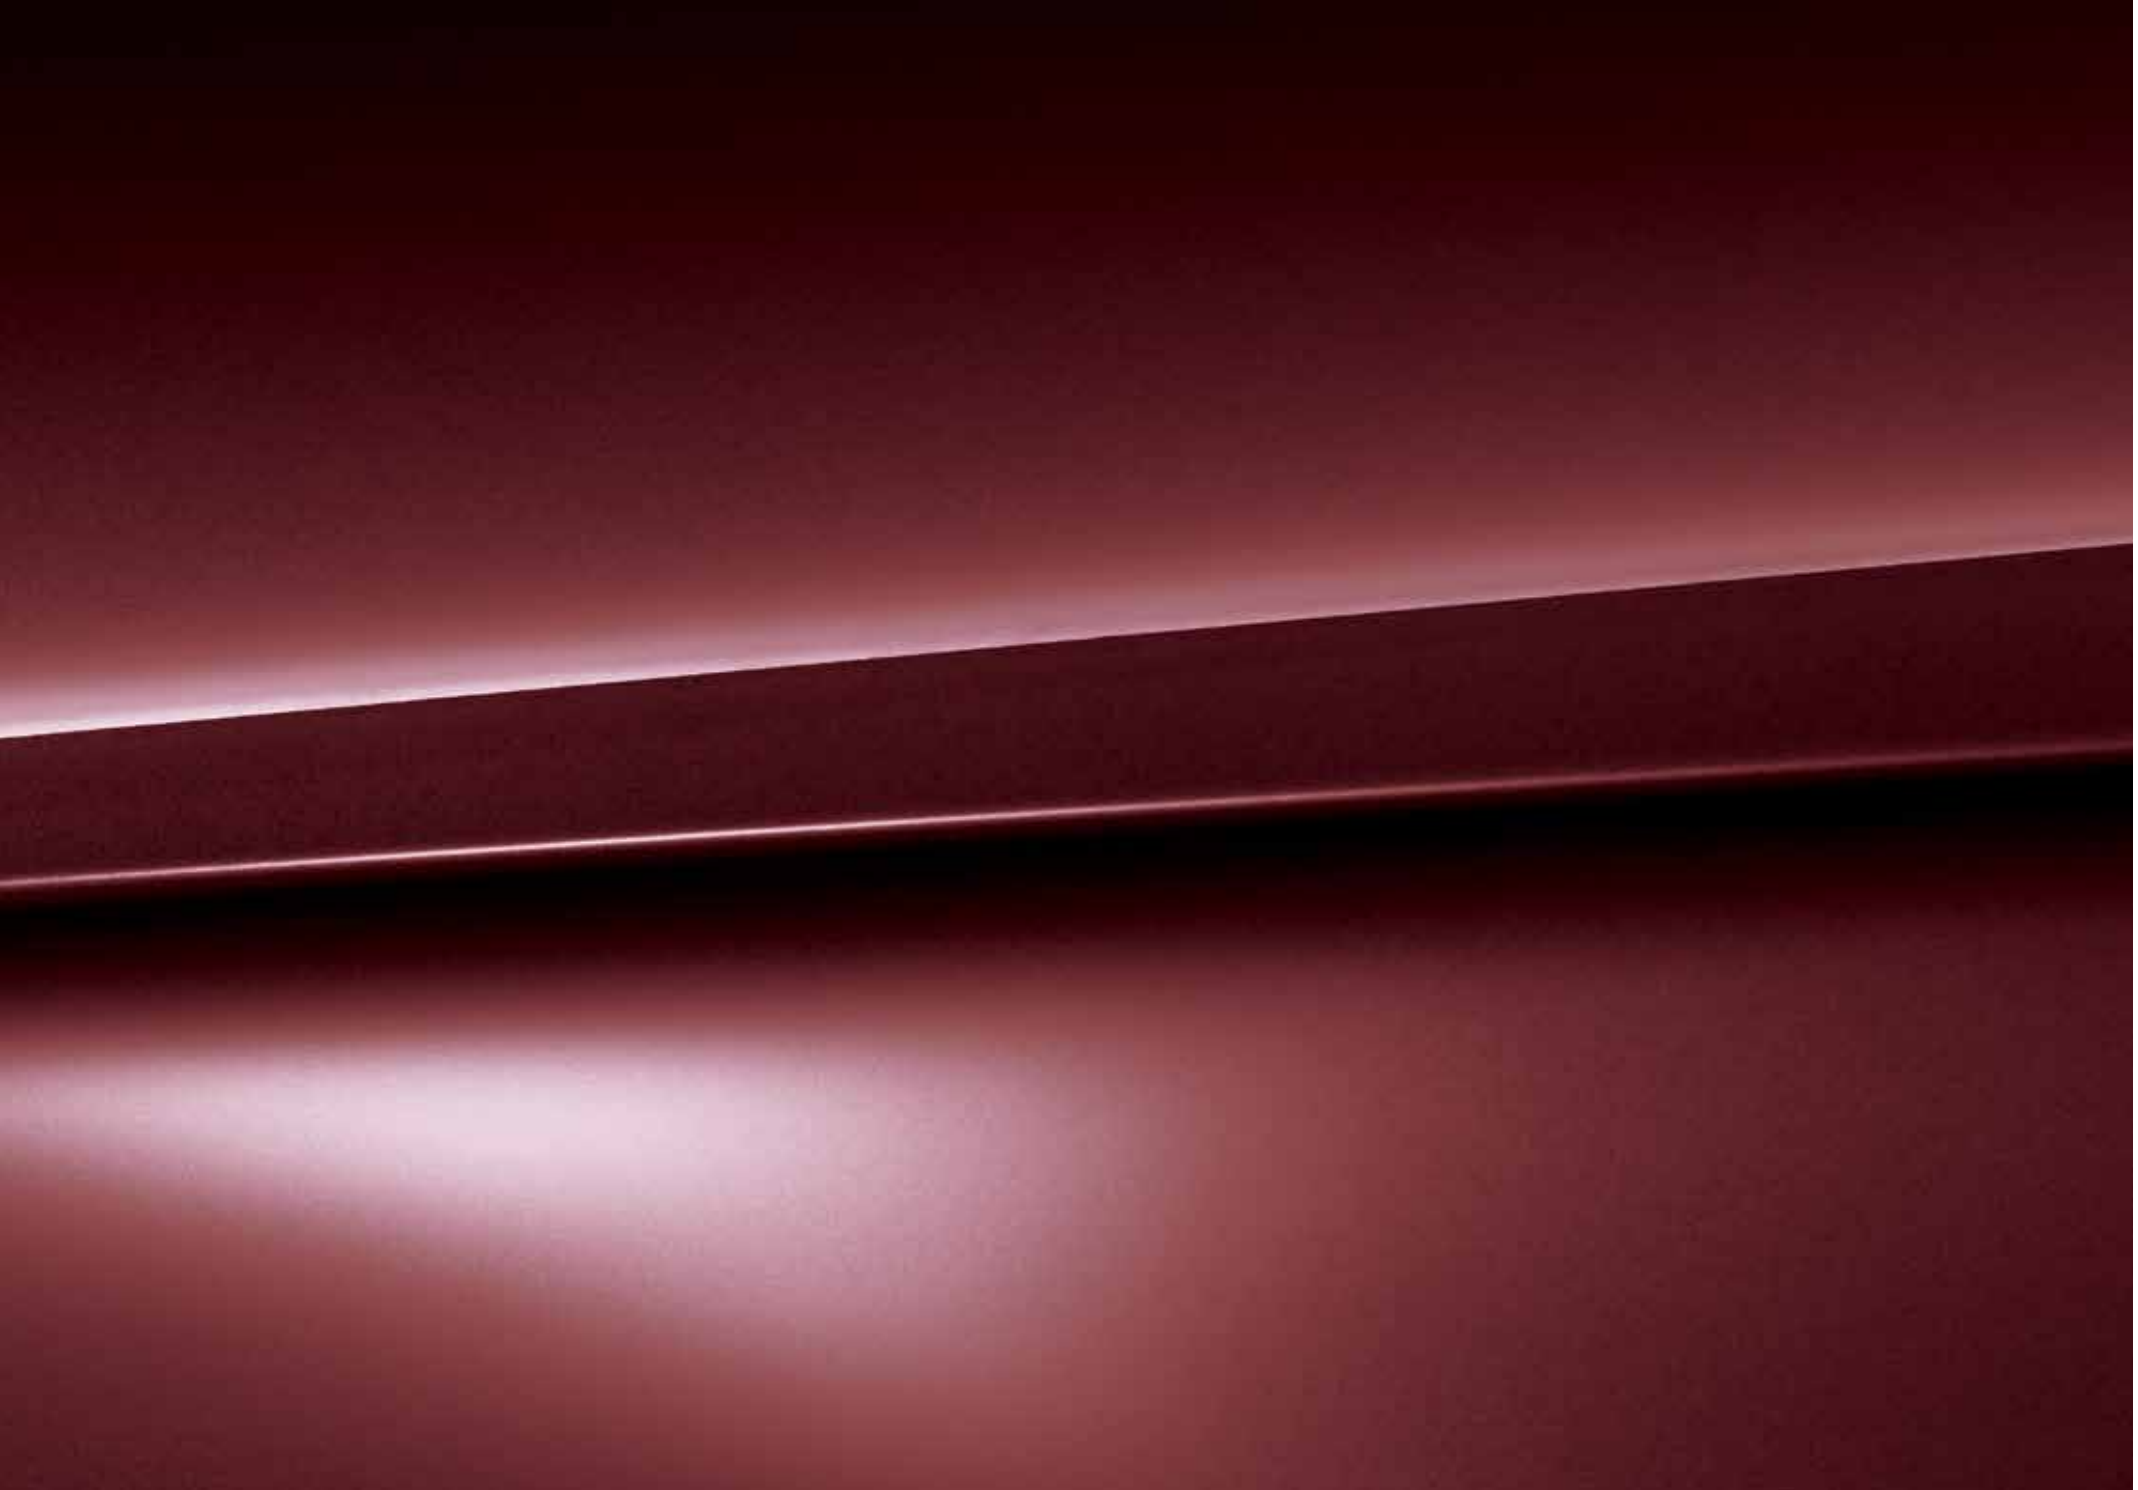
There are a number of ways to customise your car's interior with the Audi exclusive range. And if you'd like us to help you choose, we've put the most popular elements of the range together into one harmonious package – the Audi exclusive line.

With experience over more than 20 years, our expert designers understand which elements work well together. From high-quality Fine Nappa leather seats to Audi exclusive door sill trims, every detail has been chosen to truly enhance your drive.

Paint choices

We believe that every part of your car should have a personal touch. Which is why you can choose from a wide range of paint colours and finishes, from standard shades to metallic and pearl effects. We can even mix a customised colour for you to create the perfect fit.





Paint and hoods

You can select one of the Standard colours shown opposite or, for a different look, choose from a range of optional finishes.

Options are subject to availability and may extend delivery.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate.

Visit your local Audi Centre for a more accurate colour swatch.

Upholstery

Audi exclusive

With Audi exclusive, you can specify your seats in Fine Nappa leather or Fine Nappa leather/Alcantara, in an array of different colours shown to the right.

Select just one all-over shade for each seat, or customise each panel in two or more complementary colours from the distinctive Audi exclusive palette. You can even choose the colour of the decorative stitching – to match or contrast with your chosen upholstery – from this varied collection. Whatever combination you decide upon, we think you'll be extremely comfortable with the result.

Order Code		SE	S line	S line Special Edition	S5 quattro	Basic RRP	Total RRP inc VAT

9ZW	**Mobile telephone preparation – High with Audi connect.** A mobile phone can be connected to the internal UMTS (3G) module via Bluetooth (provided the mobile telephone has SIM Access Profile[1]), or alternatively through the additional SIM card reader.[2] It is possible to transfer phone book entries to the car and manage call lists. Audi connect features include: navigation using Google Earth images and Google Street View, destination entry via Google Maps or myAudi, online point of interest search and information services such as weather forecasts and the latest world news. Audi connect also includes Audi traffic information online, which gives accurate real-time forecasts of the traffic situation along the chosen route. The traffic situation can be displayed on the navigation map or Google Earth image. Audi connect can also create a Wi-Fi hotspot in the car for convenient internet access using a mobile device (e.g. laptop or tablet).[3] Many Audi connect features can be simply operated via MMI Navigation Plus, or the multi-function steering wheel. Only in combination with Technology package (WB6)	●	●	●	●	£291.67	£350.00
UF7	**Audi Music Interface (AMI).** Universal connection for use with stereo audio sources, USB and MP3 devices including Apple iPod generation 4 onwards (iPod, iPod classic, iPod mini, iPod nano, iPod photo, iPod video, iPod touch). Provides intuitive control through the audio system and multi-function steering wheel (where fitted). It also replicates the iPod display on the audio screen and DIS, including track titles. The interface provides charging function (dependent on device). (Includes 2 cables to connect your iPod or USB MP3 device.) AUX-IN is deleted with this option	●	●	S	●	£212.50	£255.00
7D1	**CD changer and DVD player.** 6-CD changer located in the glove box and single CD/DVD slot in centre console. Only in combination with technology package (WB6)	●	●	●	●	£254.17	£305.00
QU7	**Digital TV reception.** Reception of digital (DVB-T) uncoded television stations (MPEG-2 standard), TV picture, teletext and Electronic Programme Guide (EPG). Facility to connect 2 external AV sources via adapter cables (available from Audi Genuine Accessories). Please note: TV reception depends on local digital network availability. No AV or TV video output when driving (audio output available when driving). Only in combination with technology package (WB6)	●	●	–	●	£687.50	£825.00
QU6	**Digital TV Reception and DAB digital radio reception.** Reception of digital (DVB-T) uncoded television stations (MPEG-2 standard), TV picture, teletext and Electronic Programme Guide (EPG). Facility to connect 2 external AV sources via adapter cables (available from Audi Genuine Accessories). Please note: TV reception depends on local digital network availability. [1]To check the compatibility of your mobile phone and whether it has SIM Access Profile compatibility, please visit www.audi.co.uk/owners-area/phone-compatibility.html

[2]Please note that when a data SIM card is inserted into the SIM card reader, Bluetooth handsfree connectivity is disabled as the SIM card takes priority over the Bluetooth connection.

[3]Online services are only available for mobile phone contracts including a data option and only within the coverage of the mobile phone network; there may be additional costs for the use of these services (charges and billing correspond to the personal mobile phone contract). Due to high data volumes, a mobile phone contract including an unlimited data plan is strongly recommended. The content and scope of the online-based services offered may vary.

Audi Complete

Audi Complete is simply a way to look after the servicing and maintenance costs for your Audi in a single package. You pay a one-off or monthly fee and we'll cover all your servicing and maintenance costs for the next 3 years. It includes replacement parts, tyres and your first MOT. It means you only have to pay for fuel, insurance and your Road Fund Licence. So you can be reassured that your car will be maintained by trained Audi Technicians, using genuine Audi parts.

*Retail customers only. Pricing based on 3 years/30,000 miles (whichever occurs sooner). All pricing is a 'starting from' price for the Audi A5 Cabriolet model range and is therefore subject to change and mileage/model dependent.

Merchandise

From the enthusiasts' motorsport collection to the sophisticated Audi collection, there's a wide variety of adults' and children's clothing, lifestyle accessories and collectables, all of which bear the Audi name.

Please speak to a member of our team at your local Audi Centre to see the full Audi collection and to place an order. A selection of Audi merchandise is also available to buy from **audi.co.uk/merchandise**.

Accessories

Choosing an Audi isn't just a matter of deciding on the model you want; it's about creating a car that suits your needs perfectly. And that's why we've developed a whole range of accessories to enhance your A5 Cabriolet, enabling you to customise it down to the last detail. Like your Audi, all these accessories are developed to the highest possible standards. They're all available exclusively from Audi.

To find out more, just visit **audi.co.uk/accessories** or contact your local Audi Centre.

Warranty

All of the accessories available on the A5 Cabriolet are covered by a three-year warranty* if they are ordered and included in the purchase price of the car at date of delivery. Any accessories ordered and installed after delivery include a two-year warranty.*

*Excluding Road Angel products. Audi Accessories warranty terms and conditions can be found at audi.co.uk

[1]The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

[2]Fuel consumption and CO_2 emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at www.vca.gov.uk.

[3]Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

[4]The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

Please note: The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

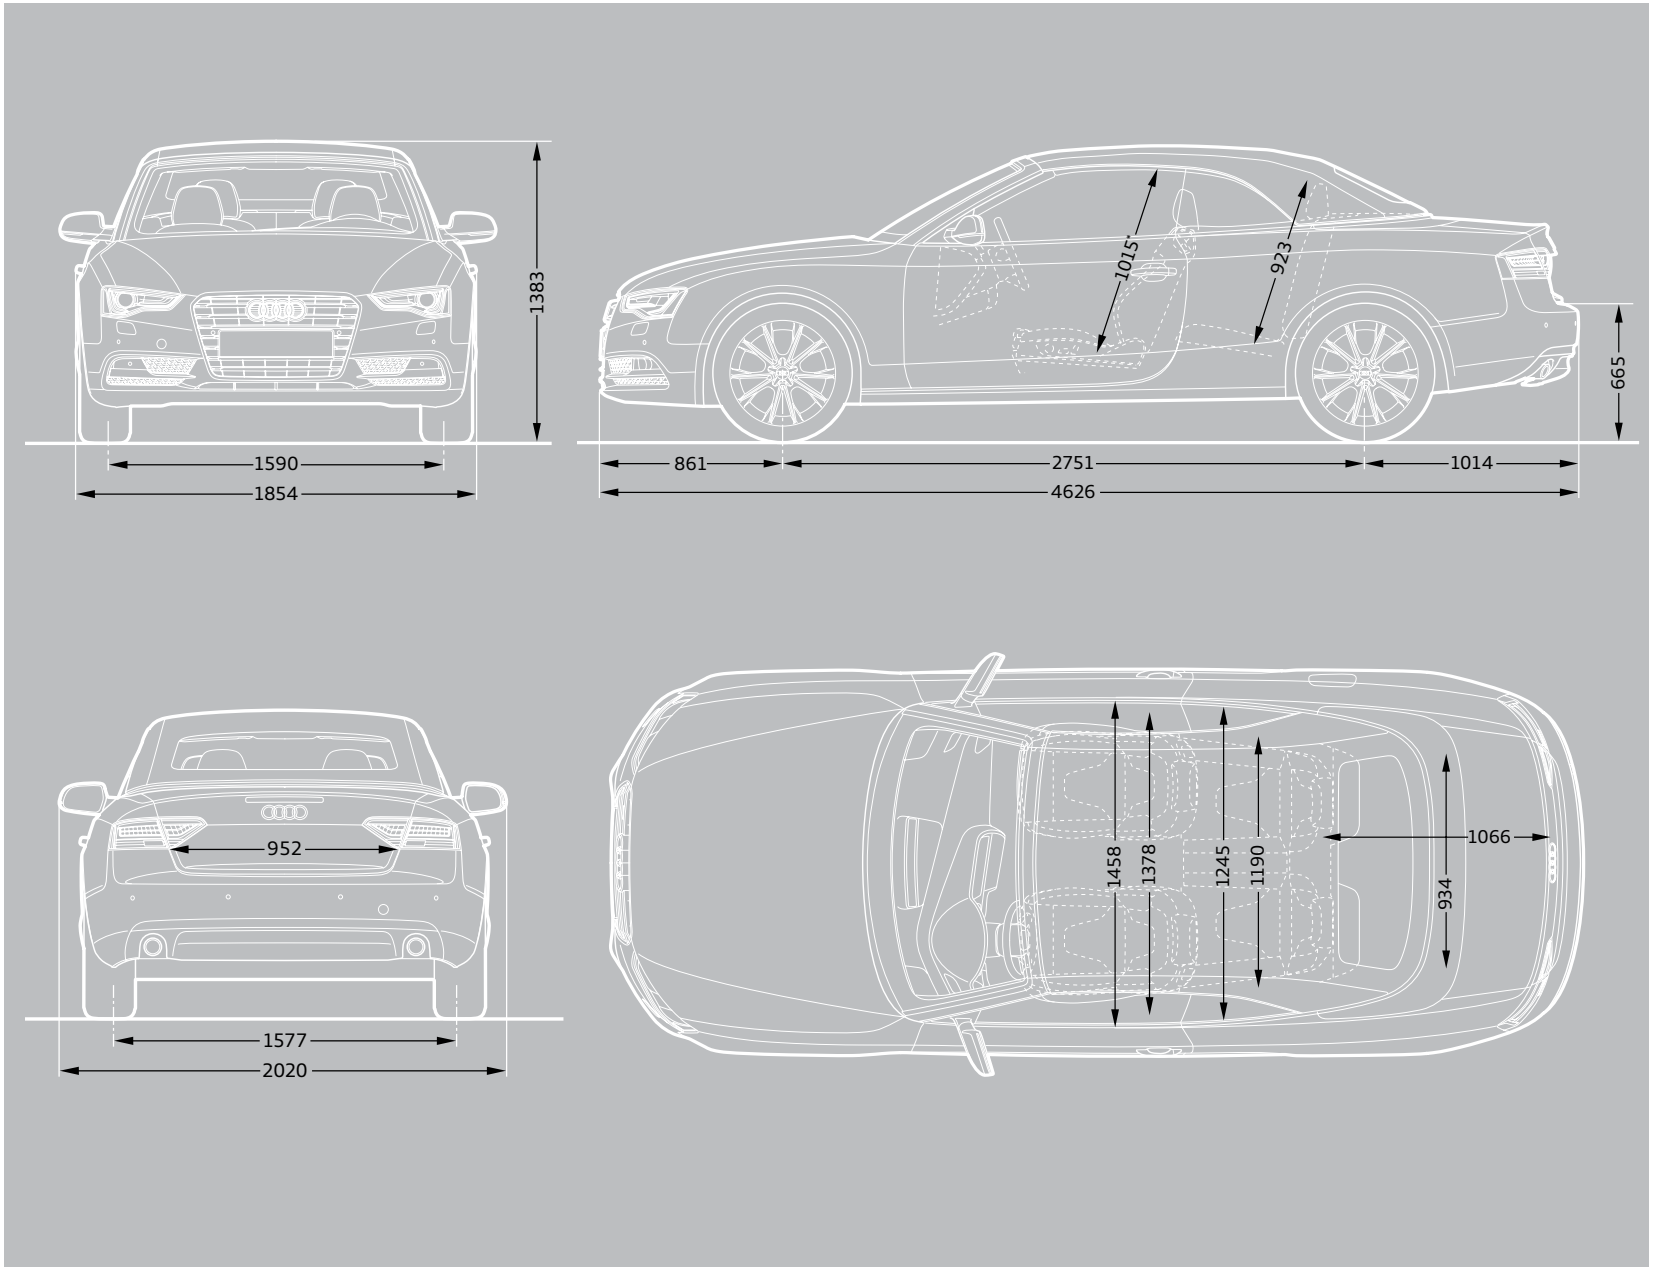
A5 Cabriolet dimensions

The technical drawings opposite show the exact dimensions of the Audi A5 Cabriolet, so you can check everything – from whether the car will fit in your garage to whether your luggage will fit in the boot.



*Maximum headroom.

Dimensions were measured with vehicle at unladen weight, ground clearance measured with vehicle carrying its maximum load.

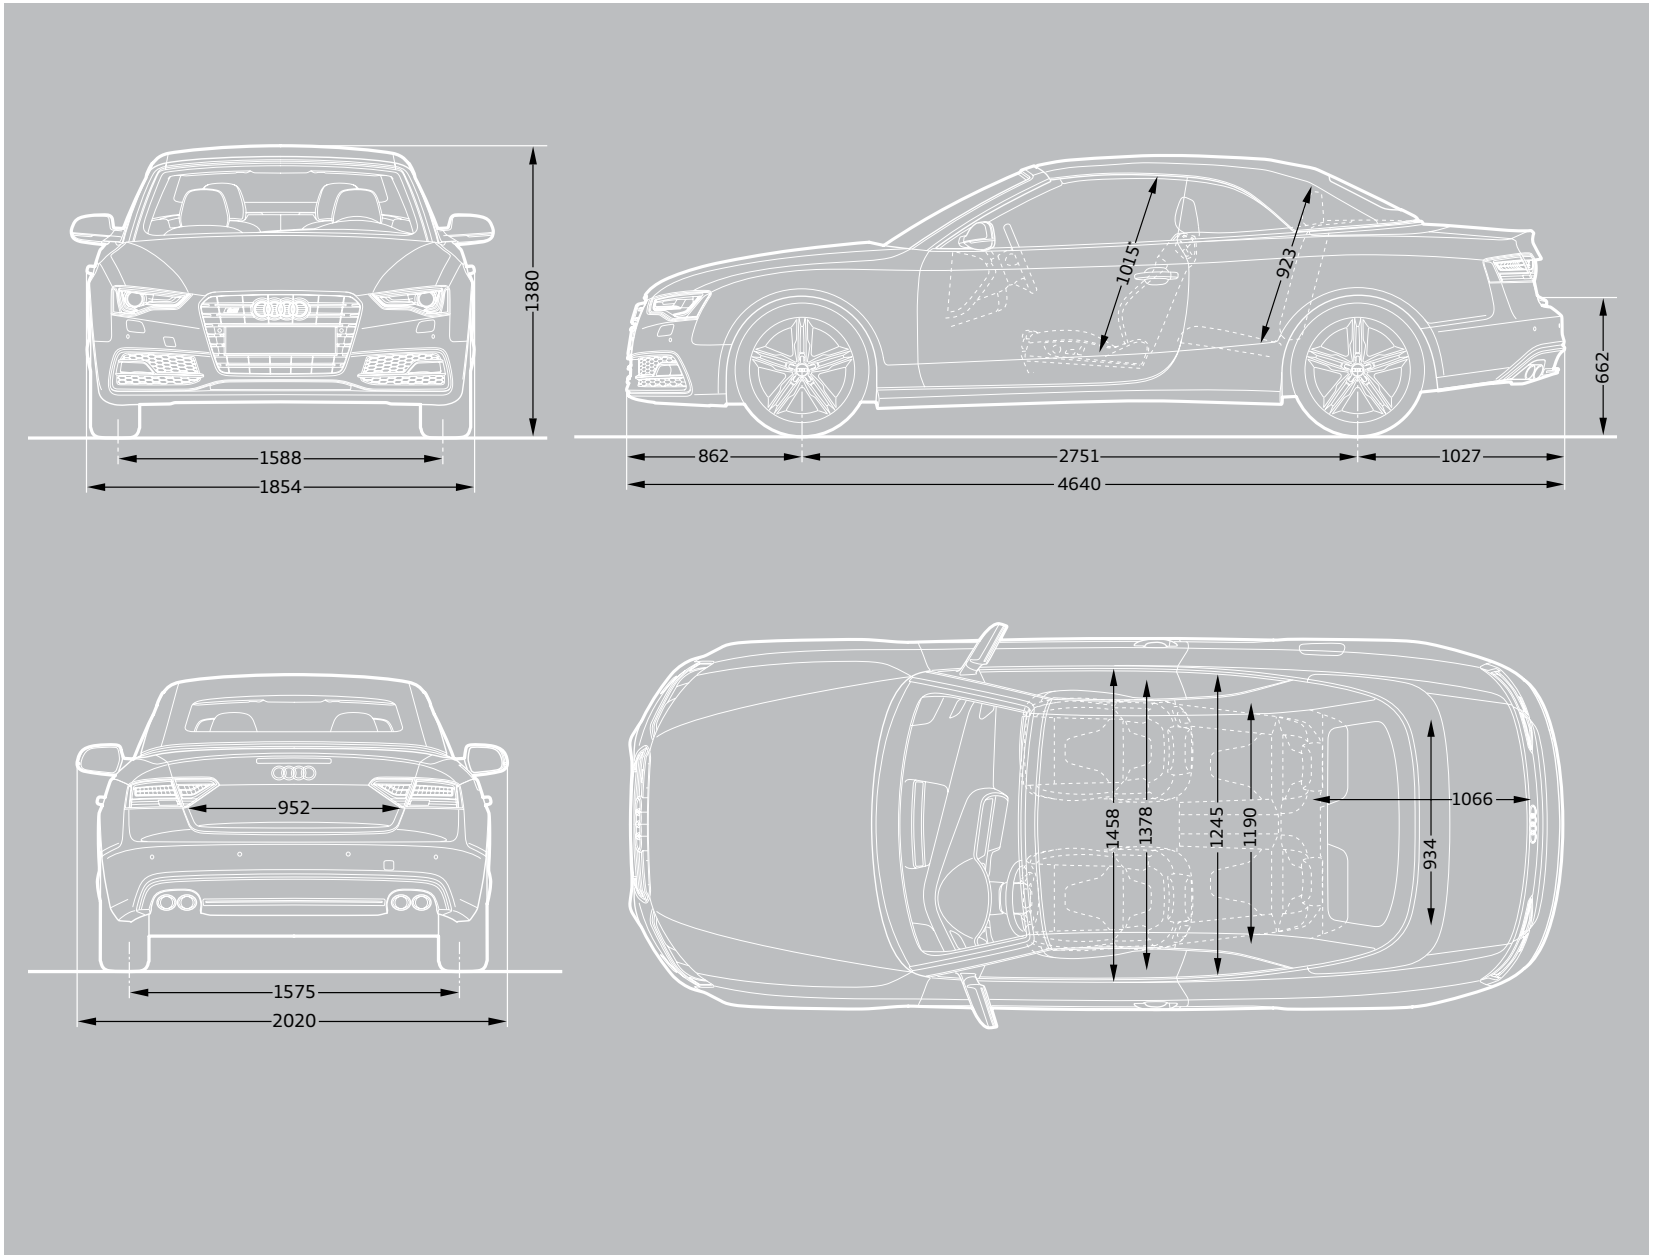
Luggage compartment volume in litres: 320 with hood open, 360 with hood closed, 750 with rear seats folded (measured by the VDA standard test method using 200 x 100 x 50 mm blocks; second value: with rear seat folded down).

Turning circle approx 11.4m.

Dimensions in millimetres.

S5 Cabriolet dimensions

The technical drawings opposite show the exact dimensions of the Audi S5 Cabriolet, so you can check everything – from whether the car will fit in your garage to whether your luggage will fit in the boot.



*Maximum headroom.

Dimensions were measured with vehicle at unladen weight, ground clearance measured with vehicle carrying its maximum load.

Luggage compartment volume in litres: 320 with hood open, 360 with hood closed, 750 with rear seats folded (measured by the VDA standard test method using 200 x 100 x 50 mm blocks; second value: with rear seat folded down).

Turning circle approx 11.4m.

Dimensions in millimetres.

Additional information

CO_2 data and information

CO_2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO_2) a vehicle emits, measured in grams per kilometre (g/km). First year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

Petrol and Diesel engines	First year	Annual rate (second year onwards)
A – up to 100g/km	£0.00	£0.00
B – 101 to 110g/km	£0.00	£20.00
C – 111 to 120g/km	£0.00	£30.00
D – 121 to 130g/km	£0.00	£100.00
E – 131 to 140g/km	£120.00	£120.00
F – 141 to 150g/km	£135.00	£135.00
G – 151 to 165g/km	£170.00	£170.00
H – 166 to 175g/km	£275.00	£195.00
I – 176 to 185g/km	£325.00	£215.00
J – 186 to 200g/km	£460.00	£250.00
K – 201 to 225g/km	£600.00	£270.00
L – 226 to 255g/km	£815.00	£460.00
M – over 255g/km	£1,030.00	£475.00

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate.

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

There are two schedules available and your Audi Centre will advise which schedule is most suited to your needs. The conventional fixed Audi Inspection Service schedule has fixed intervals for the Oil-change and Inspection Service that are based on time and distance, whichever comes first.

With the Audi LongLife Service schedule, sensors take account of driving style and conditions in which the vehicle is used to indicate when the Oil-change Service is required. Oil-change Service intervals are therefore variable and are conveniently indicated via the on-board service interval display.

Audi Complete

When selecting the option of Audi Complete your vehicle should be placed on the following service schedules dependent on your mileage per annum:

- Under 10,000 miles per annum – Fixed Inspection Service Schedule
- Over 10,000 miles per annum – LongLife Service Schedule

Fixed Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000 miles per annum
Type of journey	Mainly city/town centre driving. Short journeys
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving
	Service Intervals:
Oil-change Service	Fixed to every 9,000* miles/1 year
Inspection Service	Fixed to every 19,000* miles/2 years

Variable LongLife Service Schedule

	Vehicle usage:
Mileage	More than 10,000 miles per annum
Type of journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3,000
	Service Intervals:
Oil-change Service	Variable to a maximum of every 19,000* miles/2 years
Inspection Service	Fixed to every 19,000* miles/2 years

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to get behind the wheel of one of the most sophisticated cars on the road. And because we believe the service we offer should be just as advanced, we wanted to let you know exactly what you can expect from us, now and in the future.

We've agreed a set of standards with all our Centres, which governs the way we do business with you. It outlines the kind of service we promise to deliver for every customer, right down to filling each new Audi we sell with half a tank of fuel.

So whether you're interested in the date your car will arrive in the UK or the way we'll dispose of non-biodegradable materials after we service your Audi, you can have total confidence in us.

Audi Promise

Audi Centres

We guarantee that all of our Centres will be open as follows:

Sales:	Monday to Friday 9am–6pm
	Saturday 9am–5pm
Service:	Monday to Friday 8am–6pm
	Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or place of work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

The experts in Vorsprung durch Technik

Would you entrust your Audi to anyone who hasn't been regularly trained to Audi standards? Our network of Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All of our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle. What's more, we have so much expertise and experience in looking after Audi vehicles that we are able to make a note of your mileage and the state of your vehicle as and when we see it and predict when certain key events may occur. As part of our commitment to you, we will notify you in plenty of time so you can make an appointment with us.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even collect and deliver to you.* We guarantee we can service your Audi within 5 days without a courtesy car, or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

Would you put a part into your Audi that wasn't the same quality as the factory fitted original? You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a 2-year guarantee.** We stock a wide variety of parts, so we are well covered. However, if we don't have a part in stock at our Centre we have the back-up of parts at other Audi Centres, at our national warehouse and our factory and can usually source the relevant part very quickly.

We don't like surprises either

We believe strongly in transparency and there will be no hidden costs. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

The Audi Stamp

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value of your car. Only the Audi Stamp will prove your approved Audi service history.

Getting better every time

We continually gather feedback from our Audi Trained Technicians, as well as our customers, to ensure our vehicles are running as they should. Whenever we see an Audi for a service, we connect it directly to our headquarters in Ingolstadt which enables us to check your car's software and make sure it's as up-to-date as possible. If the factory has released a software upgrade for your model, it can be applied immediately – improving anything from your car's efficiency to the precision of its parking system.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

*Subject to availability.

**Excludes wear and tear.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 20% but this may alter to reflect any change in the applicable VAT rate.
